AST legal barrier removed in the harnessing of electric power, construction of huge generating plant, according to Ontario Hydro Chairman. The legalities ended when the U.S. Supreme Court ruled that New York State could proceed with Ontario power development, though part of the St. Law-

rence seaway project, will start ahead of the actual preparation of the river for deep-sea vessels. The model of a section of the St. Lawrence shows how it will look at Barnhart Island when the power development and the deepening has been completed. First tenders on the power construction work will be called for June 21.

## Deaths and Funerals

### MRS. WALTER C. SNIDER

WILTON — Funeral of Mrs. Walter C. Snider was held privately from the Ross Jones funeral home, Odessa, with Stanley Sears of Odessa and Wilton United Church, officiating. Mr. Sears spoke words of comfort to the bereaved relatives.

Pall-bearers were Harvey Smith, Lorne Hawley, Norman Lemmon, Arthur Stevens, Fred Sharpe and Willie Smith.

Flower-bearers were Glen Snider, Fenton Murphy, Ernest Stevens and Billie Sharpe.

Mrs. Snider was born Catherine E. Hartman, 81 years ago, daughter of Valentine and Nellie Hartman, on a farm just a short distance from where she lived after marriage to Walter S. Snider. She spent all her life in this district, with the exception of a few years

spent with her parents in Dresden, Ont.

As long as her health permitted, Mrs. Snider was an enthusiastic worker in church and women's Institute. She became president of Wilton Women's Institute when it was organized in 1925, and continued as president for over 19 years. She was also a faithful worker in WA and WMS organizations in Wilton, and was a member of Wilton Methodist and later, United Church.

Her husband, W. C. Snider, predeceased her in March 1950. There were two sons born, but one died in infancy and the other at 12 years of age.

Her daughter, Laura, Mrs. John Campbell, and Mr. Campbell operated the farm following the death of Mr. Snider, and devotedly

cared for Mrs. Snider during her failing years.

Cousins of the deceased are Mrs. Wava Consaul and Mrs. Dorothy Thoragul of Watertown, N.Y. and Mrs. Adam Hamilton of Carlysle, Sask.; besides cousins and relatives in the Odessa and Wilton areas.

Interment followed in the family plot in Wilton Cemetery.

## Wheat Cut 'Quite Proper' Britons Feel

LONDON (CP) — Britain, largest wheat buyer in the world, Wednesday reacted editorially to 10-cent-a-bushel cut in Canadian and United States wheat by describing the reduction variously as a bombshell, a "quite proper" move, a "godsend," and a decision which could not have caused "any real surprise."

Wheat sources and newspapers agreed that the decision reflected huge surpluses in the U.S., Canada, Australia and the Argentine, and the prospects of straining storage space still further with large harvest crops.

Britain will save money — "something like \$14,000,000 a year," says the Manchester Guardian—but the Times of London warns that Britain's North American export sales may be affected.

The impact on Western Canadian farmers is likely to be "painfully felt," says the Guardian.

"We have no desire to see the Australian and Canadian farmers impoverished, but we think that the growers of grain have had it their own way too long and we think that it is now the consumer who should have his turn," says the London News Chronicle.

Newspapers generally agree that the reductions are ample proof of Britain's wisdom last year in declining to go along with the international wheat agreement maximum price of \$2.05 a bushel.

### LENGTHY SITTING

OTTAWA (CP) — The House of Commons may sit longer at the present session than at any time since the start of the Second World War. The House Wednesday completed its 125th day of sitting — a post-war record. During the war the House sat for 136 days in 1944-45.

## Police Probe Possibility Jailed Men Are Not Killers

NEW YORK (AP) — Authorities Wednesday planned to investigate the possibility that alleged four-time killer John F. Roche may have committed two additional murders for which other men now are serving time.

Queens County District Attorney T. Vincent Quinn said he will question Roche about the slaying last Aug. 23 of Edward S. Bates, 22, a sailor, and the 1952 murder of Mrs. Joseph Brown, 23.

Roche has confessed four Manhattan slayings, including the sex murders of two teen-age girls, police say. He was reported to have refused to talk about the two additional cases.

An ex-convict, Paul Pfeffer, 21, is serving a prison sentence for the Bates slaying. He was found guilty of second degree

murder. Pfeffer later claimed his original confession to the crime had been beaten out of him by police.

Convicted in the Brown slaying was 18-year-old Oliver L. Freeman, a Negro. Freeman, known as "the bat man," is now serving a 10 to 20-year term for the crime.

## Hartman Forest One of Few in Area

NAPANEE (Staff) — E. P. Edson, conservationist with the Napanee office of the department of lands and forests, this week told the story of Roy and Albert Hartman of Odessa.

Roy Hartman and his father, Albert, operate a farm which is one of the few forests preserved in this area. "The Hartman family is proud that they have protected their trees through generations," Mr. Edson points out. Several times in the past the owners planted additional trees to fill out small open spaces in the woods in order to preserve the forest.

Albert Hartman will soon be 95 years old and he remembers some of the magnificent timbered areas of the Kingston district. In his younger days he built a barn practically out of a single tree, shingles included. That barn still stands not far from the Hartman farm but the great pines are gone, and it will be many years before it will be possible to repair the damage done to the land and bring back to production the many shallow fields of this area, Mr. Edson states.

Not more than 100 years ago on the north side of Lake Ontario, some of the most beautiful pine stands in North America were grown, Mr. Edson added. "The counties of Lennox and Addington and Frontenac also had great stands of spruce and various hardwoods. The maple and oak trees of this area were famous among furniture and cabinet makers

throughout the European continent and in England. The pines were used for magnificent lumber and for masts on ships sailing the Seven Seas."

Mr. Edson describes the present situation as follows: "We seldom see a decent tree, even if we travel for hours on the highways in the hinterlands of Kingston. What remains are commonly scrubby oaks, branchy maples, stunted pines and other trees which were left after logging and fires. However, there are still a few small woodlots left here and there and they prove that this beautiful country can still grow good trees if we help Sherry, identified as Ruth instead of harm the land."

One of the major goals of any land use program in this area must be the rehabilitation of these poorly managed lands to return them to quality forest production, Mr. Edson concludes.

### FAROUK FILES SUIT

MIAMI, Fla. (AP)—A \$750,000 damage suit was filed Friday for Egypt's former King Farouk, claiming Madame Sherry, one-time Miami bawdy house operator, libelled him in her book *Pleasure Was My Business*. Co-defendant in the suit was S. Robert Tralins, who wrote the book for Madame Barnes.

**SMALL HOUSE DESIGNS**—Montreal architect M. Kalman has designed this 1½-storey house which is attractive and at the same time spells the economy. There is no waste space in the design and an example of the architect's care in this regard is the front entrance stairwell which leads to the basement.

The house is designed with the problems of a growing family in mind and has four bedrooms as well as good closet space. Two bedrooms are on the ground floor while the upper storey contains two large bedrooms as well as a bathroom. The roomy L-shaped dining and living room is a feature of the first floor plan and furniture arrangement is facilitated by the long open wall facing the living room entrance.

The total floor area of the house is 1,380 square feet while the cubic measurement is 21,550 cubic feet. The exterior dimensions are 25 feet by 37 feet 6 inches. Working drawings for this house, known as Design 414, can be obtained from Central Mortgage and Housing Corporation at minimum cost.

## OBITUARIES

### MRS. WALTER C. SNIDER

Wilton. — Funeral of Mrs. Walter C. Snider, was held privately from the Ross Jones funeral home, Odessa, on Friday afternoon, with Stanley Sears, of Odessa, and Wilton United Church, officiating. Mr. Sears spoke words of comfort to the bereaved relatives.

Pall-bearers were Hervey Smith, Lorne Hawley, Norman, Lemmon Arthur Stevens, Fred Sharpe and Willie Smith. Flower-bearers were Glen Snider, Fenton Murphy, Ernest Stevens and Billie Sharpe.

The late Mrs. Snider was born Catherine E. Hartman, 81 years ago, daughter of Valentine and Nellie Hartman, on a farm just a short distance from where she lived after marriage to Walter C. Snider. She spent all her life in this district, with the exception of a few years, spent with her parents in Dresden, Ont.

As long as her health permitted, Mrs. Snider was an enthusiastic worker in church and Women's Insti-

tute. She became president of Wilton Women's Institute, when it was organized in 1925, and continued as president for over 19 years. She was also a faithful worker in W. A. and W. M. E. organizations in Wilton, and was a member of Wilton Methodist and later, United Church.

Her husband, Walter C. Snider, predeceased her in March, 1950. There were two sons born, but one died in infancy and the other at 12 years of age.

Her daughter, Mrs. John Campbell (Laura), and Mr. Campbell, operated the farm, following the death of Mr. Snider, and devotedly cared for Mrs. Snider during her failing years.

Cousins of the deceased are Mrs. Wava Consaul and Mrs. Dorothy Thoragul, of Watertown, N.Y., and Mrs. Adam Hamilton, of Carlyle, Sask; besides cousins and relatives in the Odessas and Wilton areas.

Beautiful flowers testified to the high esteem in which the deceased was held. Interment followed in the family plot in Wilton Cemetery.

Dr. H. C. Burleigh,

Canada.

My dear Dr. Burleigh:

It was a pleasure to receive your letter of July 13th, on my return here a few days ago from a month's vacation, and to learn that you were interested in a branch of the Blanchard Family that were pioneer residents of your locality.

I am still very much occupied in my spare moments in compiling a genealogy of the family of those who are descendants of Joseph Blanchard who died in Boston in 1637 (many of whom settled in Nova Scotia) and of Thomas Blanchard who came to New England on the "Jonathan" in June 1639 and settled in Charlestown, Mass. To date I have record of more than twelve thousand obtained by tracing the male lines to the present but the female through one generation, only. My connection with the family is by marriage, my wife Helen Blanchard, being of the ninth generation from emigrant Thomas through his third son, Samuel Blanchard of Andover, Massachusetts.

There are at least a half a dozen different branches of the family who settled in Canada--some before the Revolutionary War and others afterwards. Few of them, however, were Loyalists, contrary to the notion of many of their descendants. For example, two brothers, not too distantly related to my wife (they were older half brothers of her great-grandfather) left Andover in the 1790's for New York State where both married and about 1800 settled and founded the town of Greenbush, in Leeds County, Ontario.

Most of this group I have traced down; they were quite prolific and in the intervening years many have drifted back to the States--some, indeed, about my age are in New York City today. About a century or more ago one member of this family married a Blanchard of another branch about whom their descendants know nothing except that she was said to be from New York State. Maybe she belongs to your group.

If you will send me all the data that you have on this family, giving wherever possible the

parentage of those who married Blanchards, I can probably tie them in with the earlier generations of the family.

As to your reference to the Hartmans, I had never heard that any of them were Tories. I hardly think that they could belong to my line although some did settle in Canada 1825-50. The only one that I know of who achieved prominence was the late William Hartman Woodin, first Secretary of the Treasury under President Franklin D. Roosevelt. He was president of the American Car and Foundry Company of Berwick, Penna., where my line of the Hartmans were pioneer settlers.

Sincerely yours,

J. Crawford Hartman
